

2019-2020

THE UNIVERSITY *of*
TULSA

FIRST DESTINATION OUTCOMES REPORT

Christy M. Caves, Executive Director
Melissa J. Radford, Associate Director

THE UNIVERSITY OF TULSA
*Center for Career Development and
Professional Engagement*

EXECUTIVE SUMMARY & METHODOLOGY

The First Destination Survey is administered annually by The University of Tulsa Center for Career Development and Professional Engagement. The survey asks graduates to identify primary post-graduation outcome status. The survey content and data collection procedures are in compliance with National Association of Colleges and Employers (NACE) standards and guidelines.

Data was collected from degree candidates prior to graduation and through follow-up e-mails sent to graduates post-graduation. Graduates who had already completed the survey were invited to update their previous responses if their post-graduation status changed. Outcome information was also collected from faculty members, telephone calls, and web research. A search was also conducted via social media, primarily LinkedIn, to find graduates who had not reported any data. It is important to note that not all respondents answered every question. Data was collected through December 31, 2020.

Knowledge rate is defined by NACE as the percent of graduates for which The University of Tulsa has reasonable and verifiable information concerning the graduates' post-graduation career activities. The knowledge rate refers to basic information about the career outcomes.

Career Outcome Rate includes employed (full-time, part-time, entrepreneur, freelance, postgraduate fellowship, other), military service, volunteer service (e.g. Peace Corps, mission work), continuing education, and taking time off.

The results for the class of 2019-2020 presented in this report include students who were on the official graduation list and awarded a degree from The University of Tulsa during the 2019-2020 academic year; this includes summer 2019, fall 2019, and spring 2020 graduates. In total, 965 graduates are included in this report.

"Additionally, I'd like to thank you and the entire Career Services team for your help in preparing for my interviews (for various law schools). They went exceedingly well, and I owe that to the preparation I was able to do with you guys. I seriously can't thank you and everyone enough for helping me achieve these opportunities." -On being admitted to Harvard Law School

“

I turned to Career Coaching for assistance with my medical school personal statement. Career Coaching provided me with the structure necessary to piece together a compelling story. For every draft I sent, thoughtful and constructive feedback was always returned. In the end, I was left with a personal statement that I was extremely proud of, and one that I could never have written without the aid of Career Coaching. Ultimately, my experience with Career Coaching was nothing short of exceptional as they provided direction and reliable counseling when I needed it most.

John Harvey III

*Manager, British Petroleum
BS, Chemistry - Class of 1985*

"I enjoyed every minute of my time at Tulsa."

"I thank TU for all it's done for me, and hopefully I can give half as much back."

Oxley College of Health Sciences

The CaneCareers department was so helpful in preparing me for my medical school interviews. My mock interviews prepared me for my actual medical school interviews perfectly and I could not thank TU enough for providing this amazing service!

- Sydney Pirkle, BS, Exercise and Sports
Science, Pre-Medicine '20

Paula Kuykendall

***CAO, Hilton Worldwide (Retired)
BS, Accounting - Class of 1986***

"We have one of the highest graduation rates of any D1 school, and it's because they come to TU for a great education while they get to do something they love."

"I was born and raised here, and TU is part of who we are."

Collins College of Business

“Without me asking, Dontae offered to review my resume and LinkedIn. He started working right away with what I have asked for. I found Dontae to be organized while taking notes about my questions.”

- Warda Laknaoui, MS, Business Analytics '20

Stu Crum

***CEO, True Blue Car Wash
BS, Marketing - Class of 1982***

"TU gave so much more to me than I'll ever be able to give back, and I mean that sincerely," Crum said. "I am a changed person because I went to The University of Tulsa. Football, of course, was very important to my growth, and one of the reasons I met my wife is because her sister attended TU. I think of my professors – Dr. Collins and Dr. Burgess in Finance; these are people I still talk to today. Dr. Cagley has now passed, but he was my marketing professor. I was talking to these guys 20, 30 and 40 years after I graduated. I don't know many places where people can say that. It was a life-changing experience."
