

5000-level Course Approval Request Form

- TU undergraduate students may double-count up to 9 hours of 5000-level coursework taken prior to matriculating into a graduate program toward both their undergraduate degree and a graduate program requiring less than 36 total hours, with appropriate approvals.
 - If your desired graduate program requires more than 36 credit hours please reach out to the Graduate School.
 - Students must still apply and be admitted to the desired graduate program even if this form is approved.
- Undergraduate students enroll in 5000-level courses through the undergraduate advising office, but should complete this form to get appropriate approvals for double-counting the courses toward their desired graduate program.
 - A new form would need to be approved if the student changes graduate programs.
