

International Admission

WELCOME TO TULSA

Located along iconic Route 66 in the center of the nation, Tulsa was built on a pioneering spirit of high expectations that led the city to greatness.

Tulsa, Oklahoma is a city alive with culture and innovation, boasting energetic nightlife in the Tulsa Arts District, outdoor spaces in The Gathering Place, and historic sites in the Greenwood District.

In the heart of Tulsa is the University of Tulsa (TU), an embodiment of the city's excellence. With a **student-faculty ratio of 9:1**, TU offers an engaging educational experience that complements the city's vibrancy. Whether exploring academic programs in arts and engineering or enjoying the city's coffee houses and upscale shopping, you'll find a connection between the city and campus.

TU's commitment extends beyond education, offering a job guarantee that propels graduates into fulfilling careers, reflecting Tulsa's innovative spirit.

Discover Tulsa and TU, a blend of opportunity and creativity, all within a 15-minute drive from campus.

97% JOB PLACEMENT RATE

GET READY TO THRIVE

Being part of the Golden Hurricane family means you don't have to go it alone. From admission counselors and peer mentors to career coaches and residential life staff, we've got you covered. Our engaged faculty shepherd students in the classroom, and our wellness professionals look out for your physical, emotional, and financial health. As our alma mater says, TU is "Loyal, Always True."

JOB PLACEMENT GUARANTEE

The University of Tulsa is so confident in its outcomes that they guarantee job placement to undergraduates. With a 97% placement rate that crushes the national average of 84%, TU's CaneCareers distinct four-year program filled with resume workshops, mock interviews, etiquette dinners, and job fairs prepares students for their chapter after college. In the (rare) event that a student does not land a job or graduate program, TU will pay for a semester of graduate school.

Kendall College of Arts & Sciences

A photograph of a lecture hall with a speaker at a podium and an audience. The hall has a high, vaulted ceiling with exposed wooden beams and several large, ornate chandeliers hanging from it. The walls are a warm, reddish-brown color. The speaker is a woman with dark hair, wearing a black top and a green skirt, standing at a wooden podium. She is gesturing with her right hand. The audience is seated in rows of wooden chairs, facing the speaker. The overall atmosphere is formal and academic.

AT THE UNIVERSITY

TU's Kendall College of Arts & Sciences provides the best of two worlds: the benefits of a liberal arts college embedded in a top research university. Whether in the fine and performing arts, languages, humanities, media, social and behavioral sciences or interdisciplinary studies, students collaborate with their peers and award-winning professors to put their passions into practice. Within our close-knit community on campus and off, students learn to solve today's problems and meet future challenges.

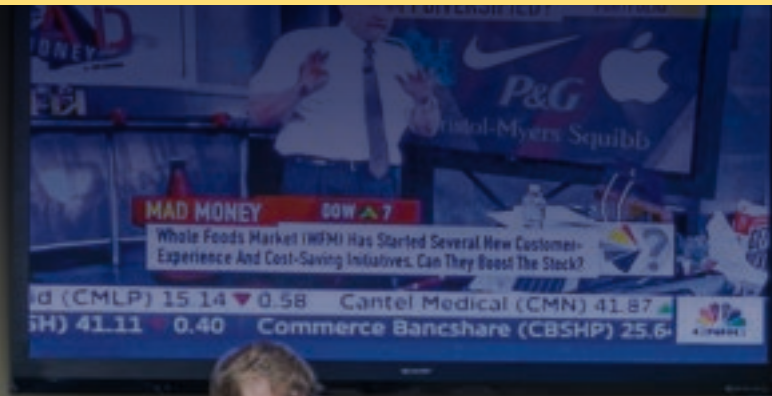

Despite having little experience in writing composition prior to coming to The University of Tulsa, **KYLIE TAYLOR** knew a great deal about film scores and was proficient in both the piano and viola. This gave her the courage she needed to try her hand at the music composition major offered at TU. Additionally, Kylie discovered that she could place a film scoring emphasis on her major, something that sealed the deal: "I knew that TU was where I wanted my journey to begin."

Collins College of Business

TU's Collins College of Business faculty offer a personalized, transformative curriculum that prepares the next generation of thinkers in an atmosphere that's as inclusive as it is culturally enthralling. Students experience real-world scenarios that utilize local and global connections to a diverse network of companies and leaders. TU alumni are luminaries as executives at Fortune 500 companies, founders of their own ventures, and change agents within organizations large and small. Tulsa means business.

LAUREN AGPOON appreciated transferring classroom knowledge to the business world from Day One. "I learned about financial derivatives in Futures and Options, applied financial theory in the \$8 million Student Investment Fund, and analyzed the impact of regulatory policies in Resources and Environment Economics."

College of Engineering & Computer Science

A low-angle shot of a young woman with glasses and an orange hard hat, wearing a blue t-shirt with the word 'Tulsa' in white script. She is looking upwards and reaching her arms into a large, complex industrial machine, possibly a centrifuge or a large-scale testing apparatus. The machine has various pipes, wires, and a large circular component. The background is a dimly lit industrial or laboratory setting with metal structures and other equipment.

#12 TOP ENGINEERING COLLEGE

WALL STREET JOURNAL

TU's College of Engineering & Computer Science combines the development of creativity and ingenuity with a modern, elite education to prepare graduates for successful, enduring careers in domestic and international markets. Professors are world-class mentors, eager to share industry insight and connect students with experiential learning opportunities. Students are invited to join in groundbreaking research, encouraged to serve the off-campus community and shaped into well-rounded, ethically informed leaders.

Mentored by Assistant Professor of Computer Science Vidhyashree Nagaraju, computer science major **JULIAN ABHARI** created an app called Skin-Check. Julian's invention uses artificial intelligence to scan and compare potentially cancerous or suspicious moles, with the aim of detecting skin cancer early and, thereby, reducing the number of related deaths.

Oxley College of Health & Natural Sciences

A female student with blonde hair tied back, wearing safety glasses and blue nitrile gloves, is focused on using a pipette to transfer liquid into a small vial. She is wearing a black t-shirt with a purple logo and blue jeans. In the background, a white laboratory storage cabinet is visible with a red label that reads "LSX-213".

DOUBLE THE NATIONAL AVERAGE

MEDICAL SCHOOL ADMITS

TU's Oxley College of Health & Natural Sciences values interdisciplinary study and experiential learning. Students and faculty collaborate with colleagues in other academic units within the college and across the university in research, coursework and hands-on opportunities. Students are encouraged to work in labs, pursue internships and personalize their college experience. Undergraduates are often accepted at top-tier medical schools and other advanced health care programs thanks to the mentorship of TU's well-connected professors.

Exercise and sports science student **GREYSEE FLOYD** and mechanical engineering student **MARK GEISZ** pursued a cutting-edge project designed to reduce the risk of balance-related injuries for military personnel. Under the supervision of Associate Professor of Athletic Training/Exercise Sports Roger Kollock, they worked with subjects who performed a series of jumps and landings while wearing tactical gear, then measured their balance recovery.

ENJOY CAMPUS LIVING

Daily life on TU's beautifully manicured, 209-acre campus offers the balance of focus, friendships and fun. Students living in one of five residence halls or six apartment villages benefit from the convenience of close proximity to classes, dining, fitness and student events and activities. With over 150 student organizations ranging from intramural sports leagues to professional or cultural clubs and social or Greek service organizations, you belong at TU.

TULSA BEGINS WITH TU

The Tulsa Arts District and Blue Dome District feature a high-energy environment with concert venues and energetic nightlife. The Gathering Place and River Parks provide space to run, bike and hike. The Pearl District and Cherry Street are home to funky coffee houses and record stores. Utica Square and Brookside offer upscale shops and the best brunches. Kendall Whittier and the Greenwood District are historic multicultural epicenters. And all of these hot spots are less than a 10-minute drive from campus.

Distance from Tulsa to:

Chicago, IL	1,100 km
Dallas, TX	415 km
Denver, CO	1,112 km
Los Angeles, CA	2,305 km
Miami, FL	2,320 km
New York, NY	2,166 km
Washington, D.C.	1,943 km

More than 20 direct flights to Tulsa International Airport (TUL)

”

(...) This city bursts with a unique blend of American history, music, and art deco design, seasoned with a mix of barbecue, Latin, Asian, and soul food. Experience a one-of-a-kind destination where Western ruggedness meets Southern charm and Midwestern warmth, embraced by artists and athletes alike.
